

Conference Attendance Approval Request (CAAR)

DATE OF REQUEST: August 31, 2007

TRAVELER: , Computer Professional, Data Movement and Storage, Computing Division

CONFERENCE TITLE: Super Computing 2007 (SC07) <http://sc07.supercomputing.org/>

SPONSORING ORGANIZATION(S):

Association for Computing Machinery (ACM), <http://www.acm.org/> ;
Institute of Electrical & Electronics Engineers (IEEE), <http://www.ieee.org/portal/site/iportals> ;
Computer Society, <http://www.computer.org/portal/site/ieeecs/index.jsp>

CONFERENCE DATE(S): November 10-16, 2007

CONFERENCE LOCATION: Reno, Nevada

PURPOSE AND OBJECTIVE(S): STATION GUIDE AT SC07 BOOTH - This is an outreach and networking activity for Fermi intended to publicize our computing projects and provide us with a chance to network with other institutions and vendors we purchase products from.

ESTIMATED COSTS:

TRAVEL COSTS: *[includes transportation, lodging, per diem, registration, etc.]*

Fermilab supported attendee: \$ 2100.00

OTHER EXPENSES: *[if applicable; e.g. special computer support, etc.]*

Other Expenses: \$ 0.00

TOTAL ESTIMATED DOE/FNAL COSTS: \$ 2100.00

IMPACT STATEMENT: These stations highlight Fermi's major computing projects and will enable us to publicize the work Fermi accomplishes thus helping us to build contacts in industry and build support for the Lab's mission. Each station is intended to be an interactive session with the exhibit attendees and as such we will need at least one station guide at all times the exhibit is open. By not allowing me to attend we will not gain visibility or have the opportunity to network with other labs or vendors.
